

Fashion for Cultural Fest

Directions:

1. Research fashion from the 1950's (ready-to-wear, "wife-dressing", suits, etc.), 1960's ("baby doll", "British Invasion", miniskirt, etc). Also consider alternative fashion (Bikers, Hippies, Punk).
2. Create a Pinterest board that shows us the most popular fashion of each period.
3. Write a report that tries to explain the trends from a historical perspective (what is it about the values, beliefs, and events of this time period that lead to their fashion this way instead of say bro tanks?).
4. Create either a "mockup" of an original outfit inspired by these time period (but still new) or create an actual wearable outfit, or put on a fashion show.
